

- On-board deinterlacer and 3:2 pull down for incredible video images.
- 1000:1 contrast ratio offers the best blacks of any DLP™ projector.
- Full HDTV compatibility.
- Non-reflective matte white case blends with most interior colors.

Presenting the Cinema 17SF- the ultimate home theater projector that gives you true-to-life images in an affordable DLP™ package. With 1000:1 contrast ratio, an on-board deinterlacer and 3:2 pull down film mode detection, experience the magic of the movie theater in the comfort of your home.

Connect a DVD player, HDTV set-top box and video game console for exciting home entertainment. The 1000 ANSI lumens will shine brightly in any setting and the included backlit remote control gives you complete control from anywhere in the room.

This FCC Class B projector is certified for residential use, and includes HDTV compatibility and digital keystone adjustment.

Installation

The Cinema 17SF can be ceiling mounted so that your view of the screen is unobstructed. Manual zoom and focus allow for easy adjustments and an image that fills the screen. Control your projected image with the full function remote. Matte white case will blend into your ceiling.

The variety of inputs on the projector's right side give you a wide selection of image sources such as a DVD player, HDTV set-top box and video games.

Input Panel

A division of BOXLIGHT Corporation.
