Rear Jack Panel

FEATURES

1024 Horizontal x 768 Vertical Pixel Resolution. High resolution pixel density with built-in image scaler to handle inputs from a variety of digital or analog audio/video sources.

400:1 Contrast Ratio/450 cd/m² Brightness. As two of the most important determining factors in overall picture quality, contrast and brightness levels achieve new heights in these latest generation LCD panels. Samsung's new LCD TV's give the most stunning realistic picture quality ever from a flat panel set.

Digital Comb Filter minimizes edge image artifacts while improving transition detail.

V-Chip System¹ allows blocking of rated TV and movie programs determined by the parent to contain objectionable content.

Trilingual On-Screen Displays in English, Spanish or French.

Color Temperature Control Normal, Warm and Cool selectable with On-Screen Display.

Closed Caption¹ (CC) displays dialog that can be read along with encoded broadcast TV programs and pre-recorded videos.

Screen Capture Picture Freezing stops the action as a still frame.

Variable Sleep Timer to turn the TV off in varying time intervals.

Clock with on/off timer.

Stereo Broadcast Reception (MTS & SAP)

Sound Modes. Standard, Music, Speech, Movie and Custom allows tailoring of sound to fit audio characteristics of different programs.

Auto Volume Leveler keeps audio volume consistent during channel changing.

CONNECTIONS

Component Video: 1 (Y, Pb, Pr) 480i

S-Video Input

Composite Video Input

RF Input

Stereo Headphone Jack
