

BRILLIANT 2000 LUMENS

ONLY 5.7 POUNDS

HIGH-END FEATURES

B O X L I G H T

CD-750m

Bright, light and **IMPRESSIVELY STYLED** for meeting rooms or traveling, our **2000 LUMENS, 5.7 POUND** CD-750m does the work of two projectors. Its modular design accepts **EXPANSION MODULES** so you can add more features now or upgrade to new technology later. Select "standard" when a bright 2000 lumen image is needed, or **SWITCH TO "ECONOMY"** for a cooler, quieter 1600 lumen presentation that saves lamp life. You'll create superb images with the CD-750m's native **XGA 1024 BY 768** resolution, digital connectivity, HDTV compatibility and Faroudja video chip technology for image smoothing. Call the digital projector

CP-750m with optional connectivity module

- At 2000 lumens, project a brilliant image even in rooms with ambient light.
- And at only 5.7 pounds it's light and slender enough to easily pack together with a laptop for travel.

- Optional expansion modules quick-connect to the back panel for added features now and future upgrades.
- Switch between 2000/1600 ANSI lumens for optimum presentation brightness and lamp-saving economy.
- Manual zoom lens makes set-up a breeze.
- True 1024 x 768 XGA resolution, HDTV compatibility, Faroudja technology, and digital connectivity provide super sharp images.
