

# TENSIONED DUAL MASKING ELECTROL®

## Dual Motor Multiple Aspect Electric Screen

- Excellent for video projection applications.
- Same great features as our Dual Masking Electrol screen except screen is tensioned for an extra flat surface for optimum image quality when using video or data projection.
- Tab guide cable system maintains even lateral tension to hold surface flat while custom slat bar with added weight maintains vertical tension.
- Unique “step back” masking design eliminates shadows.

All fabrics will be seamless.

Optional remote control operation.

Black masks are raised and lowered to change image format.
