

**Angular Reflective Front Projection Screen Material**

Elite's **StarBright™ 4** material has a unique optical coating that enhances picture clarity regardless of an ambient light presence. The Angular-Reflective surface is coated with a transparent dry-erase layer for use as a white board while enhancing true Color rendition from its highly reflective qualities. StarBright™ 4 material will enhance image brightness 4x more than the standard matte-white material and is your best dual function for White Board and Front Projection for use in training rooms with ambient light.
