the best warranty in the industry

8247 DUKANE

ImagePro 8247

HEAVY DUTY LCD projector

Wireless or LAN operation

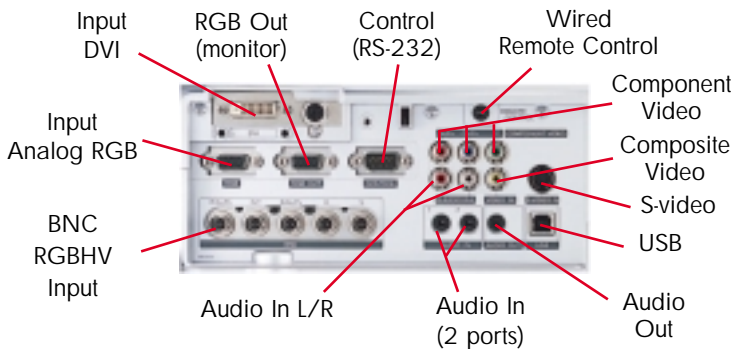

The projector for heavy duty operation!

The Dukane ImagePro 8247 is a projector designed for long continuous operation. It is the first projector designed to provide 4000 hours of lamp life at a heavy-duty output level of 2000 lumens. In addition it provides a bright, ultra crisp image while permitting either easy transport or permanent installation, plus it's really simple to use.

This projector is ideal for control centers, simulators, business environments, or any application where a rich full color image must be continuously displayed for extended periods. With special extra large 1.3 inch LCD panels and a reduced light concentration, it is designed to run long and cool. Furthermore, when an optional module is attached, it can be operated in a wireless mode interfacing with up to 4 PC's or can be connected to a LAN for remote control and monitoring.

- Heavy duty operation
- True XGA (1024 x 768) resolution
- 2000 ANSI Lumens of brightness
- Vibrant rich colored images
- Wireless/LAN connectivity option
- Flexibility, 2 computer, 3 video and BNC x 5 inputs
- Full function IR remote with mouse/cursor control and wired control option
- Compatible with all types of video including HDTV
- "Custom Image" for your startup and blank screens
- Powered focus and zoom lens permits closer placement to the screen and wider placement range
- Vertical and horizontal keystone correction
- Five Year Warranty and Peace of Mind Service
