Performance and Portability

The **Dukane ImagePro™ 8751** is the perfect tool for the presenter on the go. At only 5 Lbs. the 8751 can be easily transported and stored in airplane overhead compartments. Brilliant image quality makes the 8751 ideal for displaying data images from a PC or MAC and video from a VCR or DVD player. The 8751 sets up in seconds and features easy operation for the "non-technical" presenter. The video quality is superb and it is HDTV compatible.
Featuring true 1024 X 768 XGA resolution (compressed SXGA/UXGA resolution) and 1200 lumens of brightness the **Image Pro 8751** is engineered to reproduce data with razor sharp accuracy and brilliant color imagery.

The 8751 gives the presenter the power to adapt to any environment. Featuring a high performance zoom lens with unique wide-angle capabilities the 8751 produces a large image at a short throw distance. This permits close to the screen operation in smaller rooms.

In addition, the 8751 has a super quiet fan that permits meetings to occur close to and around the projector.

The **Image Pro 8751** goes anywhere for powerful effective presentations, Classroom training and professional meetings. Backed by Dukane's legendary service and warranty, the Image Pro 8751 offers outstanding performance, portability and value.
